## Explanatory notes to accompany certificate

### Meaning of terms used

- (1) The independent registered medical practitioner signing the certificate must have been approved for this purpose by the Pension Fund administering authority.
- (2) 'Permanently incapable' means that the person will, more likely than not, be incapable of discharging efficiently the duties of their former employment with the employer because of ill health or infirmity of mind or body until, at the earliest, their normal retirement age – see (5).
- (3) The independent registered medical practitioner is providing an opinion on the person's capability of undertaking gainful employment based solely on the effect the medical condition has on the ability to undertake gainful employment.
- (4) 'Gainful employment' means paid employment for not less than 30 hours in each week for a period of not less than 12 months. It does not have to be employment that is commensurate in terms of pay and conditions with that of the person's former employment which gave rise to the deferred benefits in the Local Government Pension Scheme.
- (5) 'Normal retirement age' means age 65 (apart from in the case of a small number of protected members who have a normal retirement age of 60 e.g. employees who were transferred to local government from the Learning and Skills Council for England on 1 April 2010).

### General – Notes for employers

If B2 or B4 have been ticked, the deferred member does not, in the medical opinion of the approved registered medical practitioner, meet the criteria for early release of the deferred pension benefits under the LGPS.

If B1 and B3 have been ticked, the deferred member does, in the medical opinion of the approved registered medical practitioner, meet the criteria for early release of the deferred pension benefits under the LGPS.

The opinion given by the approved registered medical practitioner does not, in itself, give entitlement or otherwise to early release of the deferred pension benefits under the LGPS. Nor should the medical practitioner indicate to the deferred member that such an award will or will not be made.

**It is for the former employer to make the formal award determination.**
