The person named above was awarded a short-term, reviewable, tier 3 pension which has subsequently been suspended. Explanatory notes to accompany certificate

Meaning of terms used

- (1) 'Normal retirement age' means age 65 (apart from in the case of a small number of protected members who have a normal retirement age of 60 e.g. employees who were transferred to local government from the Learning and Skills Council for England on 1 April 2010).
- (2) 'Permanently incapable' means that the person was, more likely than not, incapable of discharging efficiently the duties of their former employment with the employer because of ill health or infirmity of mind or body until, at the earliest, their normal retirement age – see (1).
- (3) 'Gainful employment' means paid employment for not less than 30 hours in each week for a period of not less than 12 months. It does not have to be employment that is commensurate in terms of pay and conditions with that of their former employment.
- (4) The independent registered medical practitioner signing the certificate must have been approved for this purpose by the Pension Fund administering authority.
- (5) The independent registered medical practitioner is providing an opinion on the person's capability of undertaking gainful employment based solely on the effect the medical condition has on the ability to undertake gainful employment.
- (6) The independent registered medical practitioner signing the certificate does not have to be a different independent registered medical practitioner to the one who originally certified the scheme member's permanent incapacity at the date of leaving i.e. the same practitioner can sign this certificate too.

General – notes for employers

If B1 is ticked, the 3rd tier ill health pension remains suspended as the member does not satisfy the requirements to have it brought back into payment.

If B2 is ticked, the employer can bring the suspended 3rd tier ill health pension back into payment from the date the person became permanently incapable of undertaking any gainful employment. Pension increases will be payable under the Pensions (Increase) Act 1971 even if the member is under age 55.

The opinion given by the approved registered medical practitioner does not, in itself, determine whether the suspended pension is brought back into payment. Nor should the medical practitioner indicate to the individual that a benefit under the LGPS will be payable.

It is for the former employing authority to make the formal determination.
